WARRANT FOR ANNUAL MEETING

The State of New Hampshire

To the inhabitants of the Town of Wilton in the County of Hillsborough and State of New Hampshire qualified to vote in town affairs:

You are hereby notified to appear at the Town Hall in said Wilton on Tuesday, the 8th day of March next, at nine o'clock in the forenoon to one o'clock in the afternoon, to act upon the following subjects:

1. To choose all necessary Town Officers.
2. To hear the reports of town officers, agents and committees and pass any vote relating thereto.
3. To see if the town will grant the free use of the town hall for the following purposes: Bent-Burke Post No. 10 American Legion, Wilton Fire Department for their annual party, Bent-Burke Post No.10, American Legion, for Memorial Day exercises, School Lunches.
4. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
5. To see what action the town will take in regard to real estate taken over by the town for non-payment of taxes.
6. To see if the town will vote to accept the budget as prepared by the Budget Committee or make any alterations relating thereto.
7. To see if the town will vote to observe, during the month of August 1949, the 50th Anniversary of Old Home Week, or take any action relating thereto.
8. To see if the town will authorize the Tax Collector to appoint a deputy or deputies, under the provisions of Chapter 80, Section 42, Revised Laws of New Hampshire, or take any action relating thereto.

9. To see if the town will vote to transfer from unencumbered surplus the sum of \$10,000 as a Capital Reserve Fund for the erection of a suitable building for the use of the Fire and Highway Departments of said town to be added to \$12,000 already transferred in accordance with the provisions of Chapter 8 of 1947 Laws of New Hampshire, or take any action relating thereto.

10. To see if the town will vote to give the Fire Commissioners authority to spend the unexpended balance carried over from 1948 for a Sprinkler System at the fire house and for new tires for the fire trucks.

11. To see if the town will vote to give the Selectmen custody of the old Excelsior fire engine for preservation, or take any action relating thereto.

12. To see if the Town will vote to authorize the Selectmen to appoint a committee to investigate a possible site for a proposed Municipal Building and report at the next Town Meeting.

13. To see if the town will vote to transfer from the present \$2000 Capital Reserve Fund the sum of \$2000 for the purchase and erection of a Veterans Roll of Honor for World War II veterans as a Veterans War Memorial.

14. To see what sum of money the town will vote to raise and appropriate to defray town charges for the ensuing year, including town officers' salaries and expenses, election and registration, town hall maintenance and equipment, police department, fire department, health department, vital statistics, sewer and water maintenance, town road aid, town maintenance, park and playgrounds, street lighting, municipal court, town poor, old age assistance, aid to soldiers and their families, Memorial Day, cemeteries, interest, bonds, county taxes, Monadnock Region Association, librar-

ies, town forest, bridges, new land and buildings, sidewalk construction, temporary notes, town dump and maintenance.

15. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 21st day of February, 1949.

JAMES L. SHELDON,
GUY M. HOLT,
WALTER S. FRYE,
Selectmen of Wilton, N. H.

*NOTE — Action on Articles in Warrant will start
at 10:30 a. m.*

REPORT OF WATER COMMISSIONERS

During the past year we had about the same maintenance expenses for broken goose necks and replacement of pipes.

We had a large expense on thawing services that were frozen the first part of 1948 due to the depth of the frost in the roads.

Last spring the State Board of Health recommended that a new chlorinator be installed so that the entire water system would be chlorinated. We ordered a new chlorinator and we could not get it installed in 1948, but we did get the house moved and set up on the new location. The chlorinator has arrived now and it will be installed as soon as warm weather arrives.

The water rate was raised in November to take care of the increased operating expenses.

During the past year we added five new services.

We had a great many meters repaired and installed where they were needed.

JAMES L. SHELDON,
LYNN W. POTTER,
LESLIE N. CENTER,
Water Commissioners.

ANNUAL REPORT OF FIRE COMMISSIONERS 1948

The past year has been most satisfactory so far as losses by fire are concerned. We had one lumber fire; but no house or industry losses. It is our belief that people are far more fire conscious than some years ago. We like to have the citizens realize that any fire is a dangerous thing as well as costly.

The forest fire in Temple needed assistance by our department and men and equipment spent time there. We had no forest fires in Wilton.

Two new portable pumps were bought this past year. Both are light weight and suitable for forest fires or to place in positions where the larger pumps are unable to get near water.

A problem which is ahead of us is our fire alarm system. The present system operates mainly through the telephone exchange where twenty-four hour operators handle fire calls. Due to proposed changes in the telephone system some other method of handling such calls must be found. We are unable to outline any specific and satisfactory method at this time. It is our belief that the change will be expensive.

Most all tires on our fire trucks are old and they should be renewed. We ask for \$500 for this change.

Much needed is a new hose truck. Such a truck would protect the village when our other two pumpers were out on rural fires. Also water and equipment could be carried for oil fires. A sum of \$2,800 is asked for this necessary equipment.

We recommend that Excelsior No. 1 be turned over to the Selectmen for preservation.

Respectfully submitted,

LYNN POTTER,

GUY HOLT,

WHITNEY M. FRYE,

Fire Commissioners.

REPORT OF THE FIRE CHIEF

During the year ending December 31, 1948, the Wilton Fire Department answered thirty-nine alarms. Sixteen of these were regular alarms, seventeen still alarms, three automobile fires, two dump fires and one false alarm.

Wilton's fire loss for 1948 was one-tenth of one per cent of its taxation valuation.

Wilton was very fortunate in not having any major fires during the drought as many of our water-holes in the outlying districts were dry. This gives us a point to consider for the future. We must plan a way of carrying water to the rural districts. People living in rural districts should give this matter considerable thought and help plan a means of water supply to protect their homes and other properties.

We still have far too many chimney fires owing to the fact that people neglect to have their chimneys cleaned. This year we had three stubborn chimney fires where the chimneys were plugged solid. This could end in death to the entire household if smoke caught them while asleep. It would seem that after reading in our newspapers about lives lost due to fires that people would be more cautious. Again, I urge you to check up on your chimney.

WILFRID S. PELLERIN,
Fire Chief.

REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at times those of 1947 when great losses were suffered in New Hampshire and New England,

fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.
- (3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

1948 FIRE RECORD

Number of Fires	9
Acreage Burned	5
Number of Fire Permits Issued	7

Respectfully submitted,

WILFRID S. PELLERIN,

CHARLES F. YOUNG,

Forest Fire Warden.

District Fire Chief.

REPORT OF OVERSEER OF THE POOR

TOWN CASES

Chandler, Miss Nora B.	\$ 261 00
Lemay, Mrs. Mary	709 58
Prancewecz, Stanley	366 00
Richardson, Mrs. Mark D.	40 99
Solliday, Walter	1665 84
	----- \$3043 41

COUNTY CASES

Regular Relief, 2 Cases	193 00
	----- \$3236 41

As usual, a great many Wilton people are receiving aid under various classifications, including Old Age Assistance, Aid for the Needy Blind, Mothers' Aid and Aid for Dependent Children, which do not show in the above report, as this aid does not come through my office.

This year, there are also quite a number of County orders which have been written at the Milford office of the County Commissioners instead of by me, and they have not sent me copy of the orders, so the County list is not an accurate record of the County aid received in Wilton.

C. E. PUTNAM,
Overseer of Poor.

DISTRICT NURSING REPORT — 1948

Treatments	237
Massage and Exercise	254
Bedside Care	71
Intra-muscular and Hypodermic Injections	461
Prenatal and Other Welfare Visits	108
Maternity Care, Mother	7
New-born, Care	34
O.B.S. Assistance Long Night	1
Other Long Nights	2
Dressings	4

First Aid	2
Pedicures	4
Advised	8
Official Business Visitors	10
Total Collections	426 25
Good Bills Outstanding	\$31.50

The annual pre-school and well-baby clinic was held in August:

29 children were examined by Drs. Galloway and Collins.

16 had Patch Tests.

13 had Toxoid Inoculations.

8 had Vaccinations.

41 Home Calls were made preceding clinic and 14 to read Patch Tests on the fifth day after. All were negative—no X-rays.

Respectfully submitted,

EDNA J. GILBERT, R. N.

CLINIC AND CONFERENCE REPORT

On August 25, 1948, the annual Child Health and Immunization Clinic was held at Wilton Town Hall with Dr. Raymond Galloway and Dr. William Collins examining twenty-nine children and babies.

Those needing corrective measures had their needs discussed with the attending parent, and Mrs. Edna Gilbert, R. N., made home calls to follow up the suggestions given at clinic.

There were thirteen children given a booster dose of diphtheria Toxoid and eight received small pox vaccinations.

Mrs. Mary Donahue, R. N., Miss Pearl Gilbert, R. N., Mrs. Marie Bustin, Mrs. Clare Hamilton, R. N., and Mrs. Marie Fahey, R. N., assisted with the clinic, as did Mrs. Jennie F. Abbott.

MRS. MARIE FAHEY, R. N.,
State Nurse.

REPORT OF VALE END CEMETERY COMMITTEE — 1948

The general care of Vale End Cemetery has been under Mr. Nelson and his men this past year. The grounds have been well maintained and at a reasonable cost. Power equipment has materially helped to hold down expenses, at the same time doing good work.

For many years the hill at the road entrance has washed badly from heavy rains. This surface has now been tarred and we feel this to be an improvement that will also save expense.

During the year there were no burials in Vale End.

We report the sale of one lot.

Any suggestions for the improvement of the cemetery will be gladly received by the committee for consideration.

Respectfully submitted,

LOUIS C. AIMINI,
JAMES L. SHELDON,
WHITNEY M. FRYE.

WILTON HIGHWAY DEPARTMENT REPORT FOR 1948

In making this year's report of the Wilton Highway Department for the year 1948, I will say to start with that all our work has been maintenance except the T. R. A.

The months of December, January, February and March are used up in Winter Maintenance, such as plowing, sanding, putting up snow fence, which depends on the weather.

In the winter of 1947 and 1948, we had an unusual amount of snow, this making the cost of keeping the roads passable high and would have been much higher except for the mild fall of 1948.

In the months of April, May and June it takes all of our time for cleaning ditches, dragging and road machining the country roads and patching the tar roads.

The cleaning of the ditches in early spring is very important. Especially where we have so many hills, for if the ditches are not cleaned out before the heavy rains, the roads are bound to get badly washed out. This is a job that takes a lot of time, as we have 30 miles of heavily wooded roads for the leaves to collect in. We do all the grading now with the Farmall M. tractor grader which does a good job.

July, August and September is taken up in tarring and cutting brush. We try to do all of our tarring in July and the first part of August, with the brush cutting in August and September. This year we tarred the Burton Highway in Davisville, which was in bad shape, also part of the Wilson Road in Wilton Center and a few streets in the village. Altogether we did about 3 miles of road. We also tarred a new section of one tenth mile of road at Whitney Frye's mill in Davisville, which has always caused a lot of trouble in washing out by heavy rains.

We try to tar these hills that wash out, as soon as we can get them in shape to tar, thus saving a lot of maintenance cost.

I would like to see the town, for the next few years, raise an appropriation of at least \$500.00 for this purpose, as all of the T. R. A. money for a few years should be spent on graveling and widening these hills that cause so much trouble during the heavy rains. If these hills are not tarred as soon as they are graveled, it seems like a waste of time and money, as tarring is the only way we can hold the gravel on the hills. Most all our dirt roads are hilly and require a lot of work to keep them in shape for the present day travel.

The month of October and November, we, as a rule, do the T. R. A. work. This year we graveled seven-tenths of a mile of road at Kimball Heights, mostly on the road that leads to Philip Heald's farm which was in very bad shape. We also graveled eight tenths of a mile of the Mason Road Abbott Hill. This road has always had to be closed to travel during April and May because of mud, which made it very inconvenient for a lot of people during this time. I hope that we can complete this road this coming year which is another eight-tenths of a mile to the Milford Line. This road I believe should be tarred as soon as possible, so as not to lose too much of the gravel that we have put on.

We also cut the brush on 16 miles of road. Brush should be cut every year where possible and not let grow more than two years at the most. If brush is let grow more than two years the cost of cutting is much more.

During the month of August, we also built a new culvert bridge on the road to Kimball Heights. This bridge was of wood and replaced with a cement culvert, thus eliminating a maintenance cost in the future.

This road has two more such bridges which will have to be built this year and next.

During the year we also did a lot of work for the Water Department.

I want to take this time to thank everyone for the kind cooperation you have given me during the past year.

Respectfully submitted,
LAWRENCE A. GIBBONS

In taking account of stock, I find that the Wilton Highway Department has as of December 31, 1948 the following:

1	KR 10 International Truck
1	K 3 International Pickup
1	ID 9 Deisel Tractor
1	Farmall M Tractor
1	Road Grader for Farmall M
1	Gravel or Snow Loader for Farmall M
1	Steel V-Plow for Farmall M
1	Bulldozer for ID 9 Tractor
1	Steel V-Plow for ID 9 Tractor
1	Steel Oneway-Plow for ID 9 Tractor
1	Large Wood V-Plow for Truck
1	Steel V-Plow for Truck
1	Oneway-Plow for Truck
2	Reversible Plows for Truck
1	Small Wood V-Plow for Truck
1	Large Wood V-Plow for Crawler Tractor
5600	Feet of Snow Fence
2	Sidewalk Plows (Horse Drawn)
2	Sanders
2	Highway Plow Lifts
3	Highway Plow Jacks
1	Grind Stone
4	Axes
1	Crosscut Saw

4	Large Iron Wedges
1	8-lb. Striking Hammer
1	Stone Striking Hammer
2	1/2-Ton Chain Falls
1	Flame Gun (Large)
4	Hand Rakes
6	Stone Pickers
4	Short Handled Forks
4	Long Handled Forks
4	Pitch Forks
6	Round Point Shovels
12	Square Point Shovels
6	Snow Shovels
3	Iron Bars
3	Picks
1	Long Handled Spoon Shovel
10	Road Brooms
4	Red Road Lanterns
6	Road Torches
6	Scythe Snathes
2	Bush Clippers
2	Hand Saws
2	Wrecking Bars
1	Bolt Cutter
1	Chain Spreader
1	Bench Vise
1	Extension Ladder
2	Pairs of Rubber Boots
1	Power Drill Press
1	Atlas No. 2A Blaster
1	Stone Roller
1	Adams Leaning Wheel Grader
1	Huntly Stone Rake
6	Stone Chains
	Tire chains for all of the equipment and a number of miscellaneous shop tools

REPORT OF AUDITORS

We have completed our audit of the books of the various town officers for the year ending December 31, 1948 and find them neat, well kept, and in good order.

The records of the Trustees of the Trust Funds, Judge of the Municipal Court, Water Department, Town Clerk, Tax Collector, Treasurer, Selectmen, and Trustees of the Wilton Public Library, were checked and found to be correct.

The uncollected accounts of the Tax Collector and Water Department have been verified by sending individual notices to each debtor.

We especially commend the Water Department for its efforts in reducing the overdue water accounts. We believe that a continued firm policy will produce still better results.

The Tax Collector has done a very commendable job in collecting \$92,603.29 out of a total of \$100,136.60. The uncollected balance of 1948 property taxes totals \$7,327.28 representing 69 bills. Of this amount 26 bills are for less than \$25.00, 7 are over \$25.00 but less than \$50.00 and the balance of 36 represent larger amounts, all of which we expect will be paid in a reasonable time.

The situation on uncollected poll taxes is not a pleasant one, as the following breakdown shows.

1943	1	\$ 2 00
1944	16	78 00
1945	17	81 00
1946	24	48 00
1947	35	70 00
1948	170	340 00
	-----	-----
Totals	263	\$619 00

A few of our poll tax payers owe as many as five

years taxes. This is certainly not desirable and we believe that if the Tax Collector is given the support of the town these taxes can be collected. We therefore recommend that the sum of \$100.00 be raised and appropriated to cover the cost of bringing suit against these delinquent tax payers.

We wish to express our sincere appreciation to the town officers for their cooperation in presenting their records for audit so promptly and their kind assistance to us in every way during our inspection.

J. ELMER DRAPER,

J. E. RAYMOND,

Auditors of the Town.

February 23, 1949.

WARRANT FOR SCHOOL MEETING
The State of New Hampshire

To the Inhabitants of the School district in the town of
Wilton qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the eighth day of March 1949, at 2:30 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the school district of Wilton will vote

to raise and appropriate the sum of \$850.00, the proportionate share of the expense to make a professional survey and preliminary plans for a cooperative school. In case the cooperative school effort is found to be not feasible, the money is to be spent by the school board for the study of an alternate school expansion plan.

Given under our hands at said Wilton this 18th day of February 1949.

C. RANDOLPH MYER, JR.,
MILDRED T. PETERS,
FRED C. NELSON,
School Board.

SCHOOL BOARD'S ESTIMATE FOR 1949-1950

School Board's statement of amounts required to support public schools and meet other statutory obligations of the district for the fiscal year beginning July 1, 1949.

DETAILED STATEMENT OF EXPENDITURES

Support of Schools:

Teachers' Salaries	\$39,150 00
Textbooks and Other	
Instructional Aids	1,300 00

Auditors.

July 15, 1948.

REPORT OF THE SCHOOL BOARD

The Board wishes to express its appreciation to the teachers, Headmaster and Superintendent of Schools for their splendid cooperation, loyalty and untiring effort during the past year.

The one factor that has loomed largest on the school horizon has been the increase in school enrollment and the trend of school population in the future. Therefore, your Board has been following closely the effort to organize a cooperative school in the area. It becomes apparent from the trend that either a cooperative school must become a fact by September 1950 or additional facilities must be provided in conjunction with the present school property. Studies indicate that five additional rooms are needed in the course of the next five years in order to carry out the program presently being pursued. The question to be answered then appears to be, "Which of the two programs is best for the town?"

First, and most important, is the relative merits of each plan from the point of view of which will produce the best citizens for the community, and this should mean all the citizens produced, not just those who are intending to pursue a college education.

The second consideration should be the cost, and this should not necessarily be the cheapest but the one that will achieve the most for the dollar spent. Each one of us should study the report of the cooperative school and the alternate plan, considering all the values, and with an informed opinion advise the Board of his wishes and desires.

C. RANDOLPH MYER, JR.,
MILDRED T. PETERS,
FRED C. NELSON,

School Board.

REPORT of SCHOOL SUPERINTENDENT

To the School Board and Citizens of Wilton:

I respectfully submit my second annual report as your Superintendent of Schools.

Better Education

Better education is the basic need of a free democratic society. We shall remain a free and strong nation only if we have enough free and competent people. The perpetuation of the American way of life requires citizens who understand and love it and are willing to live fervently in accord with it.

Better education cannot be obtained through the efforts of a single agency or group of people. It demands the full cooperation of an informed, educated citizenry; the support of courageous, enlightened school committees; teachers who have a broad cultural background and who understand the needs of the community, and administrative officers who are willing to interpret the needs and power of education and to bring about a working relationship between the people and their schools.

An informed citizenry is one who is aware of pending legislation, both state and national, that will affect education. An informed citizenry will know the policies of the schools and will take an active part and share in the building of wholesome school and community relationships.

A courageous school committee is one that stands firm for the welfare of the children; insists on securing a good professional staff; insists upon adequate and modern tools of learning and promotes sound and educationally defensible school budgeting which will give unqualified opportunities to children.

The good teacher is a growing teacher, and one who can adequately interpret and present the methods and procedures used in effectively teaching the children

under his or her influence. The effective teacher is one who establishes and maintains good esprit de corps among the pupils and parents.

Effective administrative officers should accept the responsibility for providing the best personnel possible and to provide materials and supervise a balanced educational program that will help boys and girls develop wholesome personalities and the ability to effectively participate in the democratic way of life.

Thus, all must work side by side to establish schools equal to the challenge of our times. As this is done we shall not only have better schools and better communities, but in the process we shall become better people.

Teacher Improvement

A. Extension and Summer Courses.

During the past two years the teachers have been encouraged to improve themselves professionally. To assist in this professional improvement an extension course was held during the late fall and winter of last year. This course was organized through the cooperation of Keene Teachers College and held at Wilton. The area studied was Social Studies in the Elementary Field. The teachers attended this class once a week for fifteen weeks. The purpose of the course was to re-evaluate the offerings in the area of social studies in the elementary school and to develop units of work that would be applicable to their own teaching situations.

Much excellent work was accomplished and the social studies program throughout the Union has taken on new zest and interest.

Many of the teachers who did not attend this course have taken summer school work. It is interesting to note that 76% of the teachers in Supervisory Union No. 63 have either attended summer school or taken extension courses in the past year and a half.

The instruction we are receiving reflects the interest of the teachers in self-improvement.

B. Art Workshop.

In October, all of the teachers in Supervisory Union No. 63 met in Wilton to engage in a three day art workshop. This workshop was organized through the cooperation of the State Department of Education, who in 1947, added a Director of Fine Arts to its staff.

The workshop was established for the purpose of teacher-improvement in the field of art, so that they might go back into their classrooms and re-vitalize their work, thereby making their courses more interesting to the pupils.

The ideas presented dealt with the basic principles of art education in relation to general education. No "bag of tricks" was presented to the teachers. An effort was made through lecture, discussion, demonstration and participation to show the teachers that art is a means of expression and is dependent upon increased powers of imagination, observation and organization.

The teachers returned to their classrooms and applied their learnings to literature, science, health, social studies, etc.

In January 1949, a follow-up program of two days was held, in which the teachers came together for the purpose of discussing their successes and failures, to learn new techniques with different art media, and to present the results of their past two months work.

The results were exceedingly gratifying. Inventive and creative drawings and paintings, the result of the child's problem-solving, took the place of the many color books and patterns that have a tendency to limit the inventive nature of the child. This creative and imaginative freedom in art may account for the school yard being raked and planted with grass and shrubs or the interior of the school painted with stimulating,

although restful colors, rather than the customary brown and buff.

A marked change in art teaching procedures has been recognized throughout the Union. To be sure, an art workshop cannot be expected to take the place of a good art supervisor who gives regular help to teachers, but it is a welcome and very worthwhile substitute.

School Enrollments

No report would be adequate unless some mention was made of the school enrollment trends in the next few years. This problem is not only a national and state problem but it is one that is going to definitely affect many local communities and budgets within the next few years.

This year we have approximately 18.6 million children in the elementary schools. In two years we may expect 20 million and in four years, 22 millions. It is estimated that by 1957 we shall have 26.6 million children in the elementary schools, 8 million more than the 18.6 as of now .

High school attendance will perhaps diminish slightly in the next three years. This is probably due to the low birthrate in the early 30's. However, high school enrollments will gradually increase through the 50's so that by 1960, there will be 8.1 million high school children as compared with the present 6.3 million.

Local conditions vary somewhat from this, particularly if the high schools include grades 7 and 8.

Following is a study of the local school enrollment based upon the Census reports of September 1948:

Year	Grades							Grades							Grand Total
	1	2	3	4	5	6	Total	7	8	9	10	11	12	Total	
1948-49	46	32	29	32	34	35	208	39	32	37	15	17	14	154	362
1949-50	20	46	32	29	32	34	193	40	37	32	36	15	17	177	370
1950-51	28	17	46	32	29	32	184	40	40	37	32	36	15	200	384
1951-52	24	24	17	46	32	29	172	40	40	40	37	32	36	225	397

1952-53	34	23	24	17	46	32	176	32	40	40	40	37	32	221	397
1953-54	47	28	23	24	17	46	185	37	32	40	40	40	37	226	411
1954-55	29	42	28	23	24	17	163	51	37	32	40	40	40	240	403
1955-56		29	42	28	23	24		23	51	37	32	40	40	223	
1956-57			29	42	28	23		29	23	51	37	32	40	212	
1957-58				29	42	28		28	29	23	51	37	32	200	
1958-59					29	42		33	28	29	23	51	37	201	
1959-60						29		47	33	28	29	23	51	211	
1960-61								34	47	33	28	29	23	194	

These enrollments pose problems for local communities. For some it will mean considering construction of additions, or new schools, or entering into a cooperative school program. For others it may mean utilizing present buildings within the community, as an emergency measure, to house the expanding school population.

What ever measures are taken, it should be noted that a school is more than four walls and a roof. Today's education demands spacious rooms, well lighted and attractively decorated with ample playground area adjacent to or as near to the plant as possible. Classroom activities are no longer built around a fixed chair, desk, paper and pencil program. The activities are based upon the philosophy of learning by doing and living by acting.

As new or additional classrooms are being set up the problem of more elementary teachers presents itself. We see no relief in sight in so far as the supply of elementary teachers is concerned. It is estimated that the normal number of new teachers needed in the elementary field in New Hampshire is approximately 150. Next year, according to latest reports, the two New Hampshire Teachers Colleges, namely Keene and Plymouth, will be graduating a total of 25 elementary teachers. For years we have been able to press into service married women, who for one reason or another dropped out of teaching, and women who have retired and have again made themselves available for

teaching positions. It appears that this supply is fast becoming exhausted.

Our only hope is to recruit more young people into teaching. We must make teaching attractive enough in terms of salary, living conditions, and working conditions so that young people will be encouraged to enter this profession. Until this is done we may find ourselves "keeping school" rather than "teaching school."

Budget

The budget presented for 1949-50 calls for an assessment of \$50,352.62, an increase of \$6,131.62 over the budget of 1948-49. This increase is reflected in the following items: teachers' salaries \$4650; payment of principal and interest on school district indebtedness \$1100; special activities fund to finance physical education program \$500. It should be noted that of the \$4650. increase in teachers' salaries, the sum of \$2700, is to provide for additional teaching services, made necessary by increased enrollments. The remaining \$1950 is to provide for the normal increases in teachers' salaries.

Special Articles

It will be noted that Article 8, is different from that of previous years. The reason for this is that at the present time the School Board cannot definitely state the amount of income from State Aid that will be forthcoming until after the State Legislature makes a decision. The use of this article with an appropriation motion permits the School Board with the School District Clerk to determine the amount of money to be assessed without further action at either an adjourned or special district meeting.

Article 9 is an outgrowth of the preliminary Co-operative School study made for this area. The purpose of the appropriation is definitely stated in the Article.

NEWELL J. PAIRE,
Superintendent of Schools.

REPORT of the HEADMASTER

Whereas in the previous year many changes were made in the physical plant of the school, this year changes have been made in the operation of the school and its activities.

One important function to be performed by the school is that of guiding pupils so that they make the most beneficial use of their abilities and personalities.

This year, with the above idea in view, the teaching staff adopted a definite testing plan for grades seven through twelve. The testing program, while not yet complete in any sense of the word, is a start or foundation upon which a more thorough testing program can be built.

Every other year, grades seven and eight are given achievement tests to see just where they stand in basic knowledge, as in Mathematics, English, Social Sciences and Geography. This knowledge is measured by comparing the work the pupils do with grade standards. (These standards are set by national averages.)

Alternating with this test is a standard intelligence test which measures natural mental ability.

At the end of grade eight, all pupils interested in taking languages in high school are given special tests to select the twenty to twenty-five who have the best natural aptitude for languages. These tests help to eliminate those pupils who probably would not succeed if allowed to take language courses.

During the fall of the freshman year, a very new type intelligence test is given. This test not only indicates overall intelligence, but also points out the areas of intelligence in which a student is strongest.

At the end of the sophomore year, a test is given which indicates the particular interests or preferences of the pupils in several important areas.

On the basis of these two tests a tentative conclu-

sion can be reached regarding a pupil's interests and abilities. Thus, by the end of the sophomore year a young person can, with sound counselling, begin to plan intelligently for further education or a suitable vocation.

At the beginning of the senior year, another standard type intelligence test is given to check previous scores. Usually during the last half of the senior year intelligence tests are required to be given by the State Department of Education. These are used to determine any previously undisclosed aptitudes.

Most of the guidance work is done with members of the junior and senior classes, although an attempt is made to have a consultation at least once during the year with every pupil in grades nine through twelve. It is hoped that this testing program, together with a considerable amount of vocational information and consultation will result in guiding young people into occupations of their choice and ability.

There is another area of special effort by the school which it might be well to mention. This year a conscious effort has been made to bring the parents into closer contact with the school. Parents have been urged to visit school when questions arise, and frequently the teachers or headmaster call on the parents to discuss various phases of the children's school activities and progress. The results of this program have been most heartening. In almost all cases, these conversations have resulted in definite improvement of the situation at hand with mutual benefit. It seems that this is one area which, if continued and expanded, could lead to the most rapid progress in bettering our school.

With the school's philosophy of "learning by doing," pupils are given an opportunity to learn how democracy works by operating many school activities and assuming responsibility for these activities under the guidance of the staff. A group of pupils interested in younger

children have, throughout the year, assisted in the grade school physical education program. Students operate the school library and aid the town librarians on school library days.

Each year the Student Council has a more important place in the pupils' school life. During this year they have initiated monthly dances during assembly periods, started an Athletic Committee to aid and assist high school athletic activities, assumed responsibility for a Wilton High School Yearbook (the first such book in many years) and expanded a pupils music committee, which now supervises a library of about eighty popular dance tunes.

Changes That Have Taken Place in the Staff

New teachers on the staff this year are: Miss Aileen Dupree, teaching tenth, eleventh and twelfth grade English, Spanish and French; and Mr. James Weeks teaching Physics, Plane Geometry, Solid Geometry and Trigonometry, seventh and eighth grade Mathematics, and coaching Junior High School athletics. The remainder of the staff is composed of the following members: Miss Jennie Esty, seventh, eighth and ninth grade English and seventh and eighth grade Geography; Mrs. Mary Kennedy, Typing I and II and Stenography I and II; Mrs. Dorothy Vigue, seventh grade History and Domestic Arts; Mr. Clinton Stevens, Shop Classes and Mechanical Drawing; Mr. Paul Simpson, Social Studies, Driver Education and coaching of basketball and baseball; Miss Ethelyn Edwards, Music and Orchestra; Mr. Kenneth Sargent, Algebra I, Biology and Junior High School Guidance.

Due to the efforts and interests of the staff, the following new offerings were made to the students: Art Classes for grades seven and eight, remedial classes in Spelling and Arithmetic for grades seven and eight, and a work experience program for the commercial department.

It is hoped that expansion in the three areas mentioned; guidance and testing, parental relationships and student responsibilities, together with increased offerings by the school and staff, will make Wilton High School a place where your children will be better trained scholastically, socially and democratically.

Respectfully submitted,

KENNETH A. SARGENT,

Headmaster.

REPORT of SCHOOL NURSE

January 1, 1949

In October 1948, Dr. C. E. Rice conducted physical examinations for 195 Wilton girls and 23 had additional check-up for basketball .

Defects found by Dr. Rice:

Teeth	54
Tonsils	13 corrected 6
Acne	1
Drop Shoulder	1
Bleeding gums	1

In November and December 1948, 93 girls and 117 boys, grades V through XII were vision tested by the nurse.

Major defects, without glasses 7

Major defects, with glasses 3

(probably should be changed)

Three of whom she was suspicious of new defects.

Defective vision, wearing corrective glasses, 37.

Two with very little vision in one eye, wearing glasses to save the sight in the other.

In November 1948, Audiometer Hearing Tests were given to 138 girls and 143 boys, grades III through XII. 14 were retested, 2 retested twice. One with hearing loss both ears has been under treatment, one has history of no hearing—one ear—since infancy, and one a progressive hearing loss in one ear. Two have nine points of hearing loss in both ears, borderline, and one in one ear only.

Pupils in first and second grades will have whisper tests for hearing. The average child at that level cannot cope with the audiometer. They also have a simplified vision test.

Dr. Galloway made the special physical examination of 18 Wilton boys going out for basketball, in November. The other boys have not been examined.

Contagious Disease Record to January 1, 1949:

Chicken Pox	3
Impetigo	5
Pediculosis	6
Scabies	2

There has been exposure and a few more cases of Chicken Pox to date, January 21, 1949.

Respectfully submitted,

EDNA J. GILBERT, R. N.
